Data Source: Maine Integrated Youth Health Survey. Middle school includes 7th and 8th grades.

Based on respondents' report of the past seven days, includes 100% fruit juice.

All percentages are weighted to be more representative of the population of Maine students and to adjust for non-response.

95% CI = 95% Confidence Interval.

NA = not available. Sexual Orientation question was not asked on the middle school survey.

\*\* All racial categories are non-hispanic except for "Hispanic."
